H1474 ST22 White Avola

H1476 ST22 Champagne Avola

H1477 ST22 Grey Avola

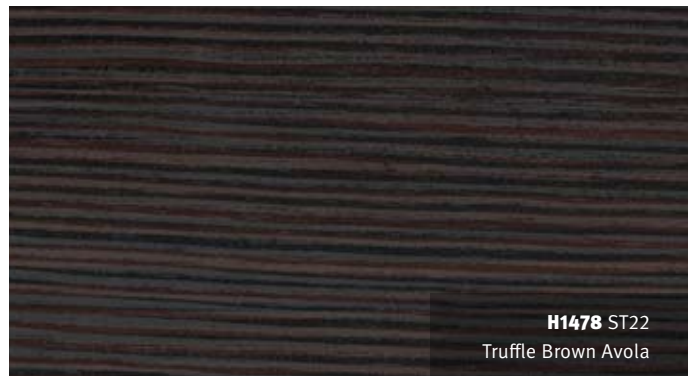

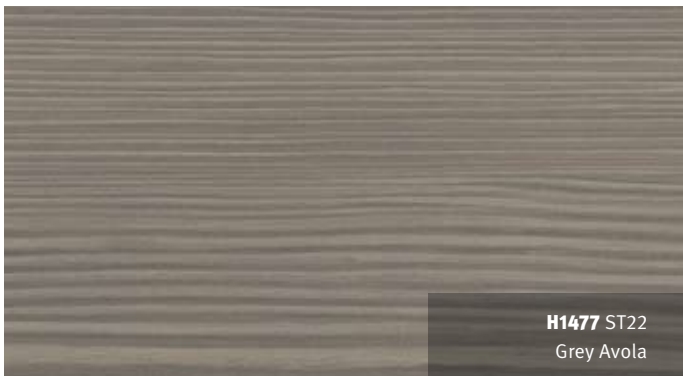

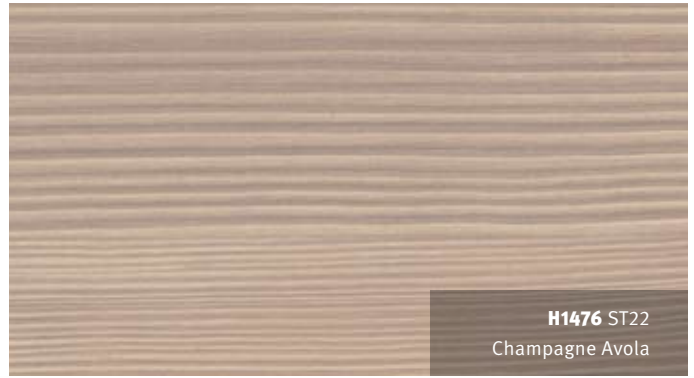

H1478 ST22 Truffle Brown Avola

The Avola series is a key highlight for 2010. The growth rings and use of ST22 texture bring a **3D character**, without being too deep or intensive, to give the appearance of real wood.

The **versatile colour range** means that there is an option for every living area.

Each decor contains **hints of grey** ensuring there are a number of combination possibilities for each one. They are also suitable for combining with each other, such as a H1474 White Avola door with a H1477 Grey Avola carcass or contrasting drawer front.

The Avola series is ideal for a range of **MFC doors with a high perceived value**.
