H3070 ST22 Natural Urbano

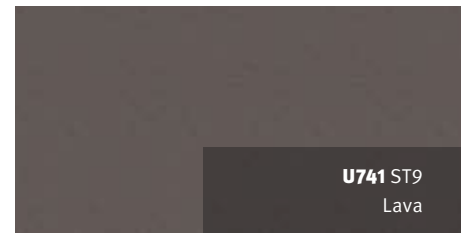

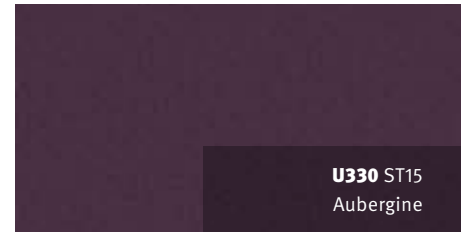

H3070 Natural Urbano is a linear teak design which is extremely versatile and can be used in a wide range of applications.

The combination of a strong linear grain with the deep ST22 'Matex' texture, provides a finish with **great depth both visually and to the touch**. This gives the decor a **naturalness** that comes very close to that of a veneer.

MFC COMBINATION IDEAS

Natural Urbano can be perfectly combined with the range of new brown-grey decors or as a stark contrast with bold colours.

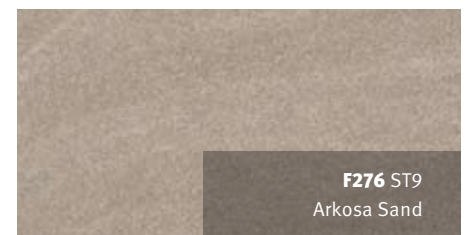

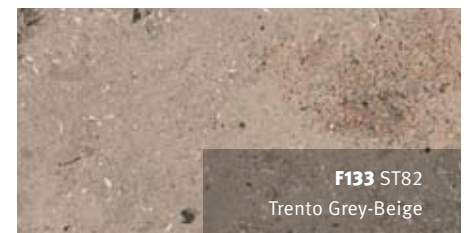

FULL BOARD SCAN

We've scanned a 2700 x 1300 mm board of this decor, so that you can appreciate the grain pattern.

WORKTOP COMBINATION IDEAS

This warm distinctive decor combines well with calm, neutral worktops like granite and sandstone.
