Egger Decorative Collection

Feelwood

Create the right impression with Feelwood, EGGER's collection of durable, lightfast and synchronised woodgrain decors. Available in 22 decors over four textures, 18 of which are UK stocked decors.

Synchronised pore technology brings Feelwood to life by matching the woodgrain features with the texture plate. From traditional brushed woodgrains with hearty knots and cracks, to softer, elegant textures, our Feelwood collection is a striking, cost effective alternative to real wood or veneer.

A coordinated finish can be achieved by using Feelwood alongside EGGER's other decorative products. All decors featured are available in matching board, laminate and edging, with some decors also featuring in the EGGER Worktop Collection.
