EGGER Worktop Wall Profiles

The EGGER Worktop Wall Profiles provide a visually harmonious and functional connection between EGGER Worktops and the wall. The EGGER coordinated range of colours plus the matching shaped parts and sealing lips create unity in colour and design. The Worktop Wall Profiles are easy to apply and fit.

Care and cleaning recommendation

EGGER Worktop Wall Profiles do not require any special care due to their resistant and hygienic, dense surfaces. The surfaces are generally easy to clean. This also applies to textured surfaces. Do not use sanitary cleaners or detergents with abrasive components, as using such cleaners may lead to changes in the degree of gloss and/or scratch the material.

For detailed information, please refer to the leaflet “Cleaning and care recommendations for EGGER product surfaces”.

Additional documents / Product information
