

TECHNICAL INFOSHEET

EGGER CLEAN IT

PRODUCT:

- The cleaner developed especially for EGGER flooring installation. Special components in this product provide significantly the additional protection of possible swelling on the edges. The cleaner also prevents the flooring getting fast dirty again. The cleaner increases slightly the gloss of the flooring and electrostatic qualities of the surface.

INSTRUCTIONS FOR USE:

- Wipe with damp – not wet – cloth. Rinse and wring out cloth regularly. Wipe floor dry.
- Mop up any moisture immediately.
- It's very important to use a clean cloth. The cloth should not have been used with other cleaning products.
- Dosing: 50 ml to 5 l water.
- For increasing the anti-static effect of the cleaner or for dirty floors 100-120 ml to 5 l water.
- Do not mix laminate cleaner with other products.
