We confirm that the **EUROSPAN®**, **EGGER MDF**, **EGGER HDF**, **EGGER DHF**, **EGGER OSB**, **Eurodekor®**, **Eurodekor® MDF**, **EGGER Thin-MDF**, **EGGER Thin particleboard**, **EGGER OSB Combiline**, **Perfect Sense (MDF)**, **EGGER working tops** und **EGGER furniture parts** are wood based products. Therefore no export treatment is required.

After drying the chips, fibres or strands with more than 150° Celsius to a moisture content under 4%, they are mixed with synthetical glue and processed under high pressure and over 150° Celsius.

This production process can not be survived by any living plant pests. Wood based panels can be used as packaging or as pallets without fumigation or heat-treatment.

It is guaranteed that the stated EGGER products are treated according to FAO-IPPC-ISPM 15.
