

MORE FROM WOOD.

Egger contract doors collection

Door Size Laminates

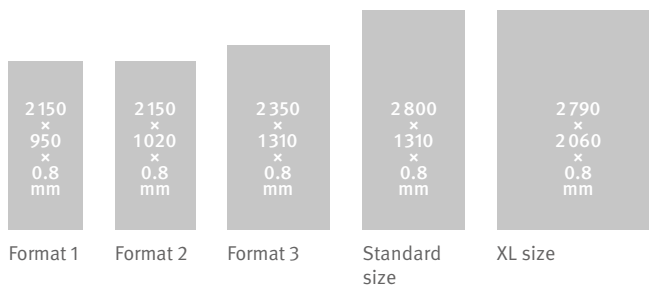

Opening up new possibilities

EGGER laminates in door formats are the ideal solution for utility doors. They are available **from stock and in quantity 1**. In combination with the products of the EGGER Decorative Collection, you can create interior designs as if from a single cast. We have the Environmental Product Declaration (EPD) for laminates available for publicly tendered or sustainably certified construction projects.

Formats

Please refer to the delivery list for the available formats per decor.

YOUR BENEFITS

- Door formats with minimal cutting waste
- Durable, lasting, and easy to clean
- Wood reproductions offer a cost-effective alternative to solid wood and veneer
- Available in decors and textures which coordinate with other EGGER products such as melamine faced boards and edgings
- Antibacterial (tested according to JIS Z 2801 / ISO 22196)

Resistant to abrasion, impact and scratches

Lightfast

Hygienic

Resistant to stains and easy to clean

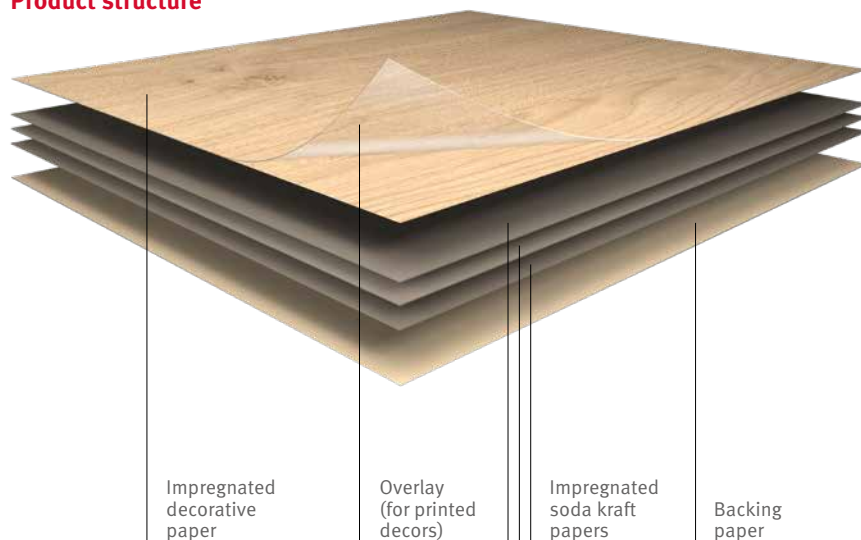

F638 ST16
Chromix Silver

Your durable surfacing option

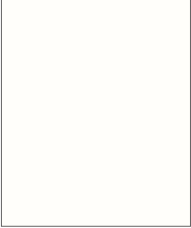

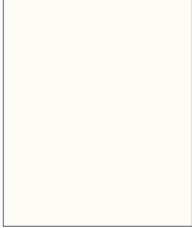

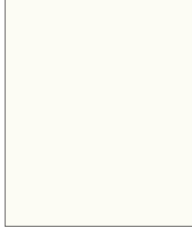

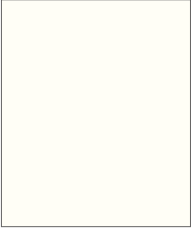

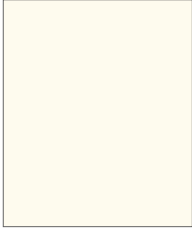

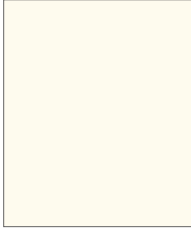

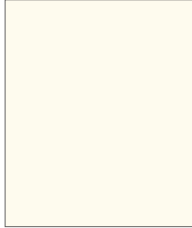

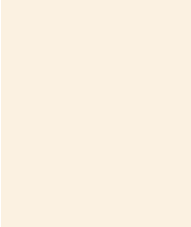

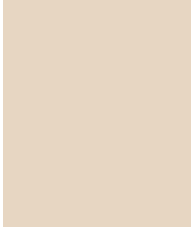

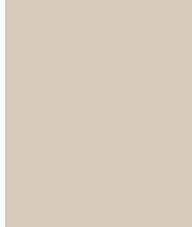

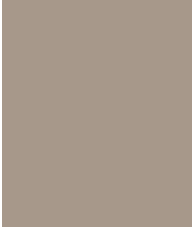

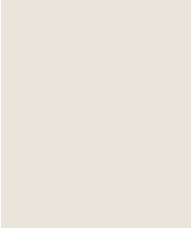

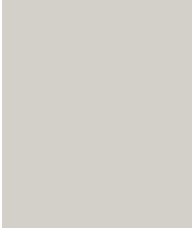

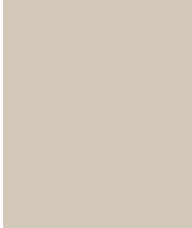

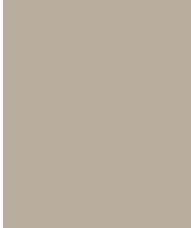

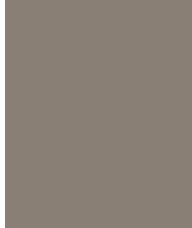

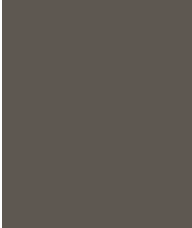

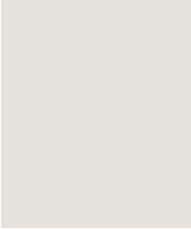

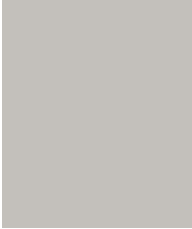

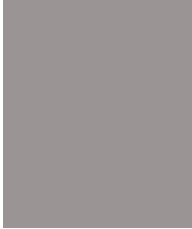

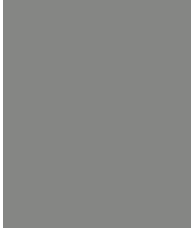

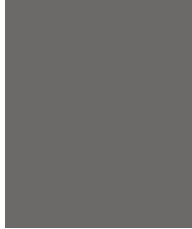

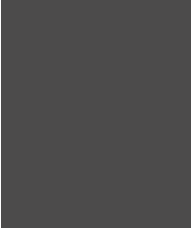

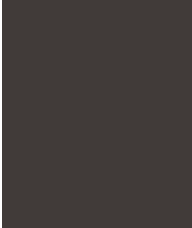

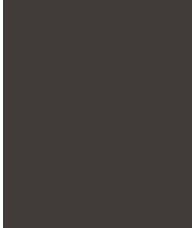

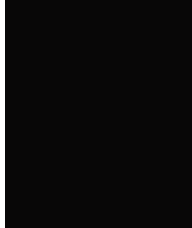

EGGER laminates meet the requirements of the European standard EN 438. They successfully combine durability and attractive design.

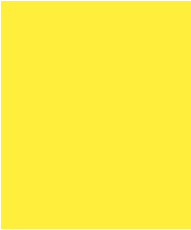

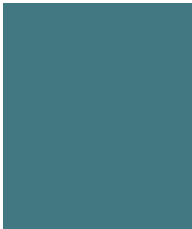

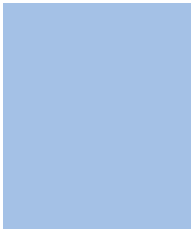

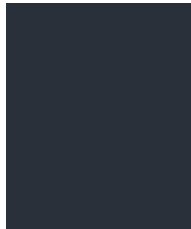

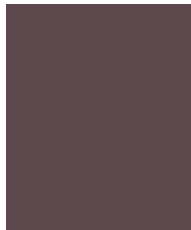

Their multi-layered construction makes them robust and resistant. They are therefore particularly suitable for heavy-duty areas, such as for example doors.
