Egger Eurodekor melamine faced boards

Material description:

Melamine faced wood-based material board with a surface texture that looks natural and authentic thanks to irregular textures and a matt appearance.

Surface texture: ST36 Feelwood Brushed

Description

Due to an irregular texture and more matt appearance, **ST36 Feelwood Brushed** creates a natural and authentic look, following the trend of solid wood towards highly brushed surfaces. The texture runs lengthwise to the board and décor development is aligned this way as well.

The ST36 Feelwood Brushed texture is particularly well suited for the decors:

H1250 – Navarra Ash	H1486 – Jackson Pine
H1377 – Sand Orleans Oak	H3344 – Highline Oak
H1379 – Brown Orleans Oak	H3420 – Thermo Pine

Special features

Like ST18, the texture exhibits a great depth. However, initial tests indicate that no manual rework is required when edging ST36. Deviations from the nominal thickness have to be observed.

Composition

Quality	Deviation from board thickness* [mm]
ML03	+0.6

* Thickness tolerances: see Eurodekor technical datasheet

Gloss level

Gloss points: 4 ±1 (60°)
