Technical leaflet

EGGER laminate flooring, comfort flooring and design flooring

Waste disposal

EGGER flooring products (laminate flooring, comfort flooring and design flooring) may contain chemicals which make them unsuitable for disposal in certain locations. As with all manufactured floorings products, the customer should check with local waste management authorities before attempting disposal of these products. EGGER encourages recycling of these products wherever recycling is available.

Provisional note:

This technical data sheet has been carefully drawn up to the best of our knowledge. It is intended for information only and does not constitute a guarantee in terms of product properties or its suitability for specific applications. It is based on practical experiences, our own tests and corresponds to our present state of knowledge. We accept no liability for any mistakes, errors in standards, or printing errors. In addition, technical modifications may result from the continuous development of EGGER flooring, as well as from changes to standards and public law documents. Therefore, the content of these processing instructions cannot serve as instructions for use nor as a legally binding basis.
